WHOLESALE JEWELLERS ASSIGN. ADOLPH GOLDSMITH & SON FEEL THE FINAN-CIAL PRESSURE, AND GIVE PREFER-

ENCES FOR OVER \$38,000. Adolph Goldsmith & Son, whosesnle jewellers at No. 38 Malden Lane, have failed, and the partners, Adolph and Signand A. Goldsmith, made an assignment yesterday to Jonas H. Monhelmer, giving een preferences for horrowed money aggregating 838,043. The principal preferences are to the National Park Bank, \$6,000; Chemical National Bank, \$3,000; David McClure, receiver of the National Bank of Deposit, \$3,500; Stein Brothers & Co., \$6,500; L. & Kahn, \$3,500; R. Mason, Brooklyn, \$2,000; Potter & Buffington, \$2,000; Henri Bieckel, \$2,000. Ti. dor partner has been in business about thirty years, was partner for several years of Freund Goldsmith & Co., to 1878, then of Goldsmith & schlusser to 1880, and then alone to January 1, 1893, when he admitted his son into partnership. In January, 1836, Adolph Goldsmith made an assignment with Habilities of \$127,000, and compromised at 30 cents on the dollar. He had a shaded credit rating at Bradstreet's.

Mar. He had a soluted a capital of \$76,000.

M. Warley Platzek, attorney for the assignee, estimates the liabilities at about \$200,000, and nominal assets about the same. He attributed the failure to financial stringency, inability to obtain further the financial stringency, inability to obtain further accommodations, dull trade and losses by recent failures. All the property of the firm has been turned over to the assignee. The preferences are for actual borrowed money obtained in the last few weeks in the hope of tiding the firm over. Mrs. Adolph Goldsmith, wife of the senior partner, is not preferred for her loan of \$30,000, which has been in the business for many years. A meeting of creditors will be held shortly to decide upon a settlement.

The rules of the Exchange require that sales or purchases shall be made for the account of members who have failed. It fur-ther is known among Wall Street men that Kessler & Co. did everything they could to prevent Nicholas & Co.'s failure.

ATTACHMENTS AGAINST A CREDIT COMPANY Two attachments have been received by the sheriff against the National Credit Insurance Company, at No. 115 Broadway, and of St. Paul, Minn., aggregating \$7,469, in favor of James Talcott, drygoods merchant of this city. He was insured in the pany for losses on business by insolvency of debtors, and he claims that sixty days have elapsed since fine proof of loss, and the company refuses to shipust the loss. The company was incorporated two years ago as the American Indemnity Company, at St. Paul, with a capital stock of \$250,000, and the name was changed to the present style in January last and the company capitalized at \$400,000.

FOR AND AGAINST FREE SILVER.

Salt Lake City, Utah, July 28.-The Executive Silver Committee has selected twenty-six representa-tive silver men to look after Utah's interests at bimetallic convention in Chicago and later at Washington. The delegation will start for Chicago once; It includes J. L. Rawlins, C. C. Goodwin and other promisent men.

Chicago, July 28.-August 1 is the day set for r great mass-meeting of the wage-workers to be held on the lake front to discuss the silver question. Scattle, Wash., July 28 .- At a meeting of the Clearing House and merchants yesterday it was decided to send a memorial to Congress usking for the usconditional repeal of the silver purchasing clause of the Sherman law.

BOSTON BANKS NOT USING SILVER ALONE. Boston, July 28 (Special) .- At several of the larger National banks to-day it was stated that there was no truth in the rumor, which gained currency this morning, about the banks paying out silver ex-clusively. The officials declared that without exception their customers had been accommodated with sliver or bills, as they preferred. They added, howthat there was great dearth of bank bills caused, as most of them said, by the shipment of ills to the West to move the crops. The scarcity of small bills can be estimated from the fact that persons other than customers are paying a premium of one-half of 1 per cent for \$5 and \$10 bills. The bank officers do not see any reason for special anxiety at this time; they say, however, that as far as possible they are persuading their customers to use checks.

FIXING THE AUGUST OUTPUT OF COAL. The anthracite coal sales egents, at their meeting in this city on Thursday, fixed the output for August at 2,750,000 tons. The output for August, 1892, was 3,600,000 tons. This month's production had been fixed at 3,000,000 tons, and it was estimated that the ctual output would not exceed that figure more than 50,000 tons. This was taken to indicate that the bal companies were keeping faith with the association.

MASS TO BE SAID IN A BAPTIST CHURCH.

The Rev. John McGulre, pastor of St. Mary's Roman Catholic Church, of Long Island City, which was destroyed in the big fire a few days ago, has accepted the offer of the trustees of the East Avenue Baptist Church, in that city, to use that edifice for services until he can rebuild his church. Father McGaire will say mass there next Sunday morning. The action of the Baptists is freely commented upon in Long Island City and widely appluated.

"It is a step in the direction of the universal brotherflood of man for which we are all striving." said Father McGuire.

The Rev. William H. Weeks, of St. Thomas's Eniscopal Church, also offered the use of his church to Pather McGuire. John T. Woodraff gave Father Mc-

Chicago, July 28 (Special).-Chicago never before saw such a democalized wheat market as foday. Prices never sold so low. Cash was hard to sell at the day was almost 3 cents, ned there was little recovery. September opened at 65 1-8, seld to 62 1-2 and closed at C2. Unensiness in money matters con-tinued to be the factor. There was no demand for cash wheat, for the reason that shippers, when they tried to start some wheat to the scaboard, found that they could not sell their New-York drafts. Some people actually paid \$10 for \$1,000 discount on New-York exchange. The dropping of the cash price under the 00-cent point caused a new calling of margins The trade was made uneasy by the action of the Clearing House in authorizing the issuing of certificates argaing that the step at the eleventh hour was more calculated to excite than to allay fears. COUNTRY-UNCERTAINTY THE CHIEF CAUSE, Lowell, July 25.-The directors of the Tremont and Suffolk mills voted to-day to operate these mills on half time, beginning Monday next. Treasurer A. S. Covell said: "The directors regarded their action as a prudential one, believing that, in case it should become necessary to curtail the product of the mills, there will be the least hardship in running at half time during the summer months if the cloud of de pression which now hangs over the basiness inter-

ests of the country is dissipated."

Providence, July 28.—The following mills in Eurrillville have closed; A. L. Sayles & Sons, Arnold & Perkins, Job F. Fiske, Jr., W. A. Inman, William Tinkham & Co., J. D. Nichols & Sons.

Fall River, July 28.-The print cloth market here has been exceedingly dall al the week. Goods are has been exceedingly dail at the week. Goods are quoted at 2.7-8c nominal for 64s, but even at that price there is no market. The talk of shutting down is growing stronger hourly, the latest mill to be mentioned being the Cornell, a comparatively new corporation. No concerted action is being taken by the manufacturers, each preferring to act individually, according to the first terminal control of the conditions of the con cording to the difficulty which they encounter in raising money for wages.

It is reported here to-night that the villages of Washington and Martha's Furnace have been totally destroyed. It is impossible to verify this report at present as the fire prevents any intercourse.

The fire is now burning across the line, thirteen niles wide. It is sweeping rapidly toward Herman Circ and Pleasant Mills, both settlements of consider City and Pleasant Mills, both settlements of considerable size. So far as can be learned there are about 300 men actively engaged in flighting the fire. Three times this number are engaged in attempting to save property from the path of the flames. The wind is blowing strongly and carries the flames through the pine forests rapidly. The smoke, which blows ahead of the fire is very dense. OHIO LIQUOR DEALERS TO MAKE DEMANDS.

Columbus, Chio, July 28 (Special).- The Ohlo State Liquor Dealers' Association has decided to enter netively into politics. This action was taken at a meeting of the executive committee of the association here to-day. Their plan is to question all candidates on all tickets, Republican, Democratic and Populist, especially those nominated for the Legislature, on questions affecting the liquor interests. All those who fall or refuse to give satisfactory assurance of their position and vote in the Legislature will be put under a whiskey boycott, and incur the united opposition of the association. The association will demand the repeal of the Adair law, which makes it an offence to sell liquor to an habitual drunkard; a modification of the Sunday Closing law, so that different localities may vote upon the proposition, and a provision that the minor as well as the liquor-seder be pual-shed when flour is sold to persons under age. The asso-ciation is strong in the larger cities. Delegates will be desired to represent the association at the meeting in Catango next month to form a second linear league.

Washington, July 28.—The Controller of the Cur-rency gave out the following statement to-day: Recent dispatches having appeared in the news papers to the effect that since January 1, 1893, 200 National banks have failed, the following statement has been prepared that the public may be properly informed. Instead of 200 having closed their doors, but 105 have gone into the hands of the Controller of the Currency. Fourteen of this number have already resumed business, under favorable conditions and possessed of the confidence of the communities where located, and during the ensuing week it is expected several others will have complied with the requirements of the Controller and reopen, while prior to September I an equal number will resume. Out of the total of 105 closed, but thirty-three have gone into the hands of receivers. the balance either having reopened or are still in the hands of exeminers, with strong prospects of reopening. Five of the 105 banks are capitalized in the amount of \$1,000,000 each; one at \$600,000 six at \$500,000; tairty-six at \$50,000, and the re-maining at \$500,000, \$250,000, \$100,000 and less.

Most so-called Catarrh cures only make matters worse. They drive it from the head to the lungs. But, by its mild, soothing, cleansing and healing properties, Dr. Sage's Catarrh Remedy permanently cures the very

folios of the Patent Office examiners, the work of examining applications cannot be perfected, and a delay entailing a loss of no less than \$30,000 has resuited. The new contractors bid \$1,700 lower than the old. No regard has been paid to the poor quality of the work, nor to the delay in executing it. No sealed bids were called for, but the new contractors simply received the work. The Secretary has not yet signed the award to the National Lithegraphing Company, as he has been out of town during the last four weeks, and it now remains to be seen whether he will do so in the face of its atter incompetency.

Section 492 of the Revised Statutes says: "The lithographing and engraving required by the two pre-ceding sections shall be awarded to the lowest and best bidders for the interest of the Government, due regard being paid to the execution of the work, the work to be done under the supervision of the Commissioner of Patents, who shall receive competitive

The new company simply took the figures of the old one and cut under them just enough to permit the Commissioner to say that a lower bid was made. The bid is less than 1 per cent of the total price. The bid is less than 1 per cent of the total price paid for the work. Inventors cannot understand why it is that the Patent Office should be run on the Albany Court House and Ford Theatre plan, when it has paid a profit of over \$8,00,000 into the Treasury. Many scientific journals publish an illustrated record of the new patents in their particular class, but the inferior work of the new contractors and their tardiness have prevented them from continuing to publish such records. If the new company has paid for its contract it will, of course, expect to keep it.

THE INWARD FLOW OF GOLD. THE AMOUNT HELD BY THE TREASURY LIKELY

TO REACH \$100,000,000 SOON. In such circumstances it will be natural for the United States to continue to receive gold from abroad. Gold in considerable quantities is also coming here from the West Indies. This Spanish gold, on reaching here, finds its way to the assay offices and is melted up into bars, and this and the European gold soon find lodgment in the

From present indications the gold in the Treasury. therefore, will soon pass \$100,000,000. It is to-day \$07,500,000. When the \$100,000,000 mark is passed the Treasury will again resume the issue of gold cer-tificates, which, by law, had to be suspended when the Trensury gold was reduced below \$100,000,000. The gold certificates now outstanding aggregate \$89,-000,000, which is an unusually small quantity for the Treasury to have. The Department, however, shows little or no interest whether the gold is \$100,000,000 or \$75,000,000, as it Is the policy of Secretary Carlisle to use the gold on hand the same as currency in meeting the obligations of the Treasury. So for several months the gold reserve has been treated as available cash. On this basis the available cash in the Treasury to-day is \$122,000,000.

COLONEL AINSWORTH PLEADS NOT GUILTY. Washington, July 28.-In Criminal Court No. 1, before Judge Cole, Colonel Frederick C. Ainsworth, in charge of the Record and Pension Office of the War Department; George W. Dant, contractor; William E. Covert, superintendent, and Francis Sasse, engineer, were arraigned this morning upon the indictment re-cently returned by the Grand Jury holding them re-sponsible for the fatal disaster at Ford's old Theatre finishing in June, and charging each of them with manslangiter. The defendants pleaded not guilty, with the stipulation, which was agreed to by the District Attorney, that they might on or before September 15 withdraw that plea and enter any other plea or motion they might see fit. It is understood that the defendants, when the case is called, will demur to the indictment or move to quish it. Dis-trict-Attorney Birney gave notice that the several cases would be called for trial at the beginning of the term in October.

ROBERT H. FOSS.

Dover, N. H., July 28,-Robert H. Foss died this afternoon. He was born at Barrington, now Strafford, in 1814. In 1843 he went to Chicago, carrying the first wood planing machine ever taken west of the Alleghanies. He early became a Free Mason and for many years was standard-bearer of the active members of the thirty-third degree of the Northern Masonic jurisdiction. He was a prominent Republican in illinois, and is said to have carried the two doubtful members of the Illinois Legislature for John A. Logan for Senator. Mr. Foss was chairman of the Com-mittee on Finance when "Long John" Wentworth was Mayor of Chicago,

A FAVORITE BEATEN AT CLEVELAND

HAL POINTER DEFEATS FLYING JIB-END OF THE GRAND CIRCUIT MEETING.

Cleveland, July 28 (Special).—Another large crowd came to see the Grand Circuit cracks this afternoon, the pacera being the chief attraction. The open class for the side-wheelers was put first on the card and brought together a field of six; with Mascot absent, Flying Jib was ceasidered a sure winner. The odds were 2 to 1 on the Californian before the start, and he went away in the lead for the first heat. In the third quarter Flying Jib created to the first heat. In the third quarter Flying Jib created to the first heat. for the first heat. In the third quarter Flying Jib created constornation by making a standstill break and running from the upper turn to the wire. Hal Pointer beat Guy by a neck in 2:08. The judges placed Flying Jib, though he should have been sent to the stable, and he still ruled the betting. In the second heat Jib started away at a service pace, but once more he went to pieces in the third quarter, and this time finished behind the flag, while Hal Pointer outfooted the others in 2:0834. The while Hal Pointer outfooted the others in 2 05-3. The downfall of the favorite was a great disappointment and is attributed to the light shoes which were used on him, the track stinging his feet. Hal Pointer had no trouble in gathering in two more heats.

With Hulda drawn in the 2:15 trot. Hazel Wilks

With Hulda drawn in the 2:15 trot, Hazel Wilkes brought 25 to 12 over the field. Dr. Sparks had little opposition for the first heat, which he won in 2:184, Hazel Wilkes set sail for him in the second heat, but a break on the homestretch, when she had the black stallion heaten, gave him another first, in 2:184. The betting was still on Hazel Wilkes, and she carried Dr. Sparks so test to the half that he wade a lived break and fell to the fast to the half that he made a tired break and fell to the rear. Hazel Wilkes winning by a length in 2:114. This

rear, Hazel Wilkes winning by a length in 2:114. This fast mile seemed to settle all question of Hazel Wilkes's superiority, but she was unsteady in the next two heats and Pixley got both. Then the three heat winners fought it out, and Hazel Wilkes outlasted Pixley and Dr. Sparks, capturing the race in the seventh heat.

The 2:23 trot began late, and was finished only stark. After E. T. H. got the first heat from the favorite, La Tosca, he made a break coming home in the second and she won easily. Then Geers was put in to drive the gelding and after two of the closest finishes of the meeting he landed E. T. H. in front each time. This cleared the card, and the stables move to Buffalo for the great two weeks' meeting which begins the enext Tueslay. Sums weeks' meeting which begins the e next Tuesday. FREE FOR ALL-PAGING. BURNED BY AN EXPLOSION OF BENZANE. THE

Philadelphia, July 28.-A peculiar accident, by which five men were burned, two of them badly, occurred this afternoon at Cramp's shipyard, on toard the cruiser New-York. Five ship carpenters, Charles Lamont, Thomas McGovern, William Cox, Charles Lamont, Thomas McGovern, William Cox, Joseph Teese and David Hedmond, had finished their day's work and were cleaning their tools with benzine. The rapid friction of one of the men's hands over the tools caused the benzine to explode, at the same time exploding a can of the fluid that was on the floor of the deck and scattering it over all the men. Lamont and McGovern were seriously and the other three painfully burned by the explosion.
